

GYRECKS

RARITY THAT ACTUALLY PERFORMS

Growth capital for manufacturing and retail expansion.

RARITY THAT ACTUALLY PERFORMS

Engineering rarity changes outcomes, not just appearance.

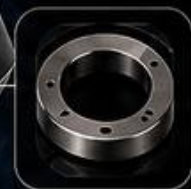

COMMON	RARE	TOP TIER
ABS	Higher-grade thermoplastics	Higher-grade thermoplastics
Standard neodymium magnets	Stronger N52 magnets	Stronger N52 magnets
Steel ball bearings	Better-balanced mass rings	Better-balanced mass rings
	Ceramic hybrid bearings	Ceramic hybrid bearings
		Integrated LED lighting
shorter spin / more wobble	longer spin / greater stability	longest spin / strongest battle advantage

Magnetic Core

~620,000 booster packs sold through

\$14.99 MSRP

7 PART SYSTEM. 1 COMPLETE GYRECK.

Every booster guarantees one complete functioning gyreck; randomization is in component tier, not playability.

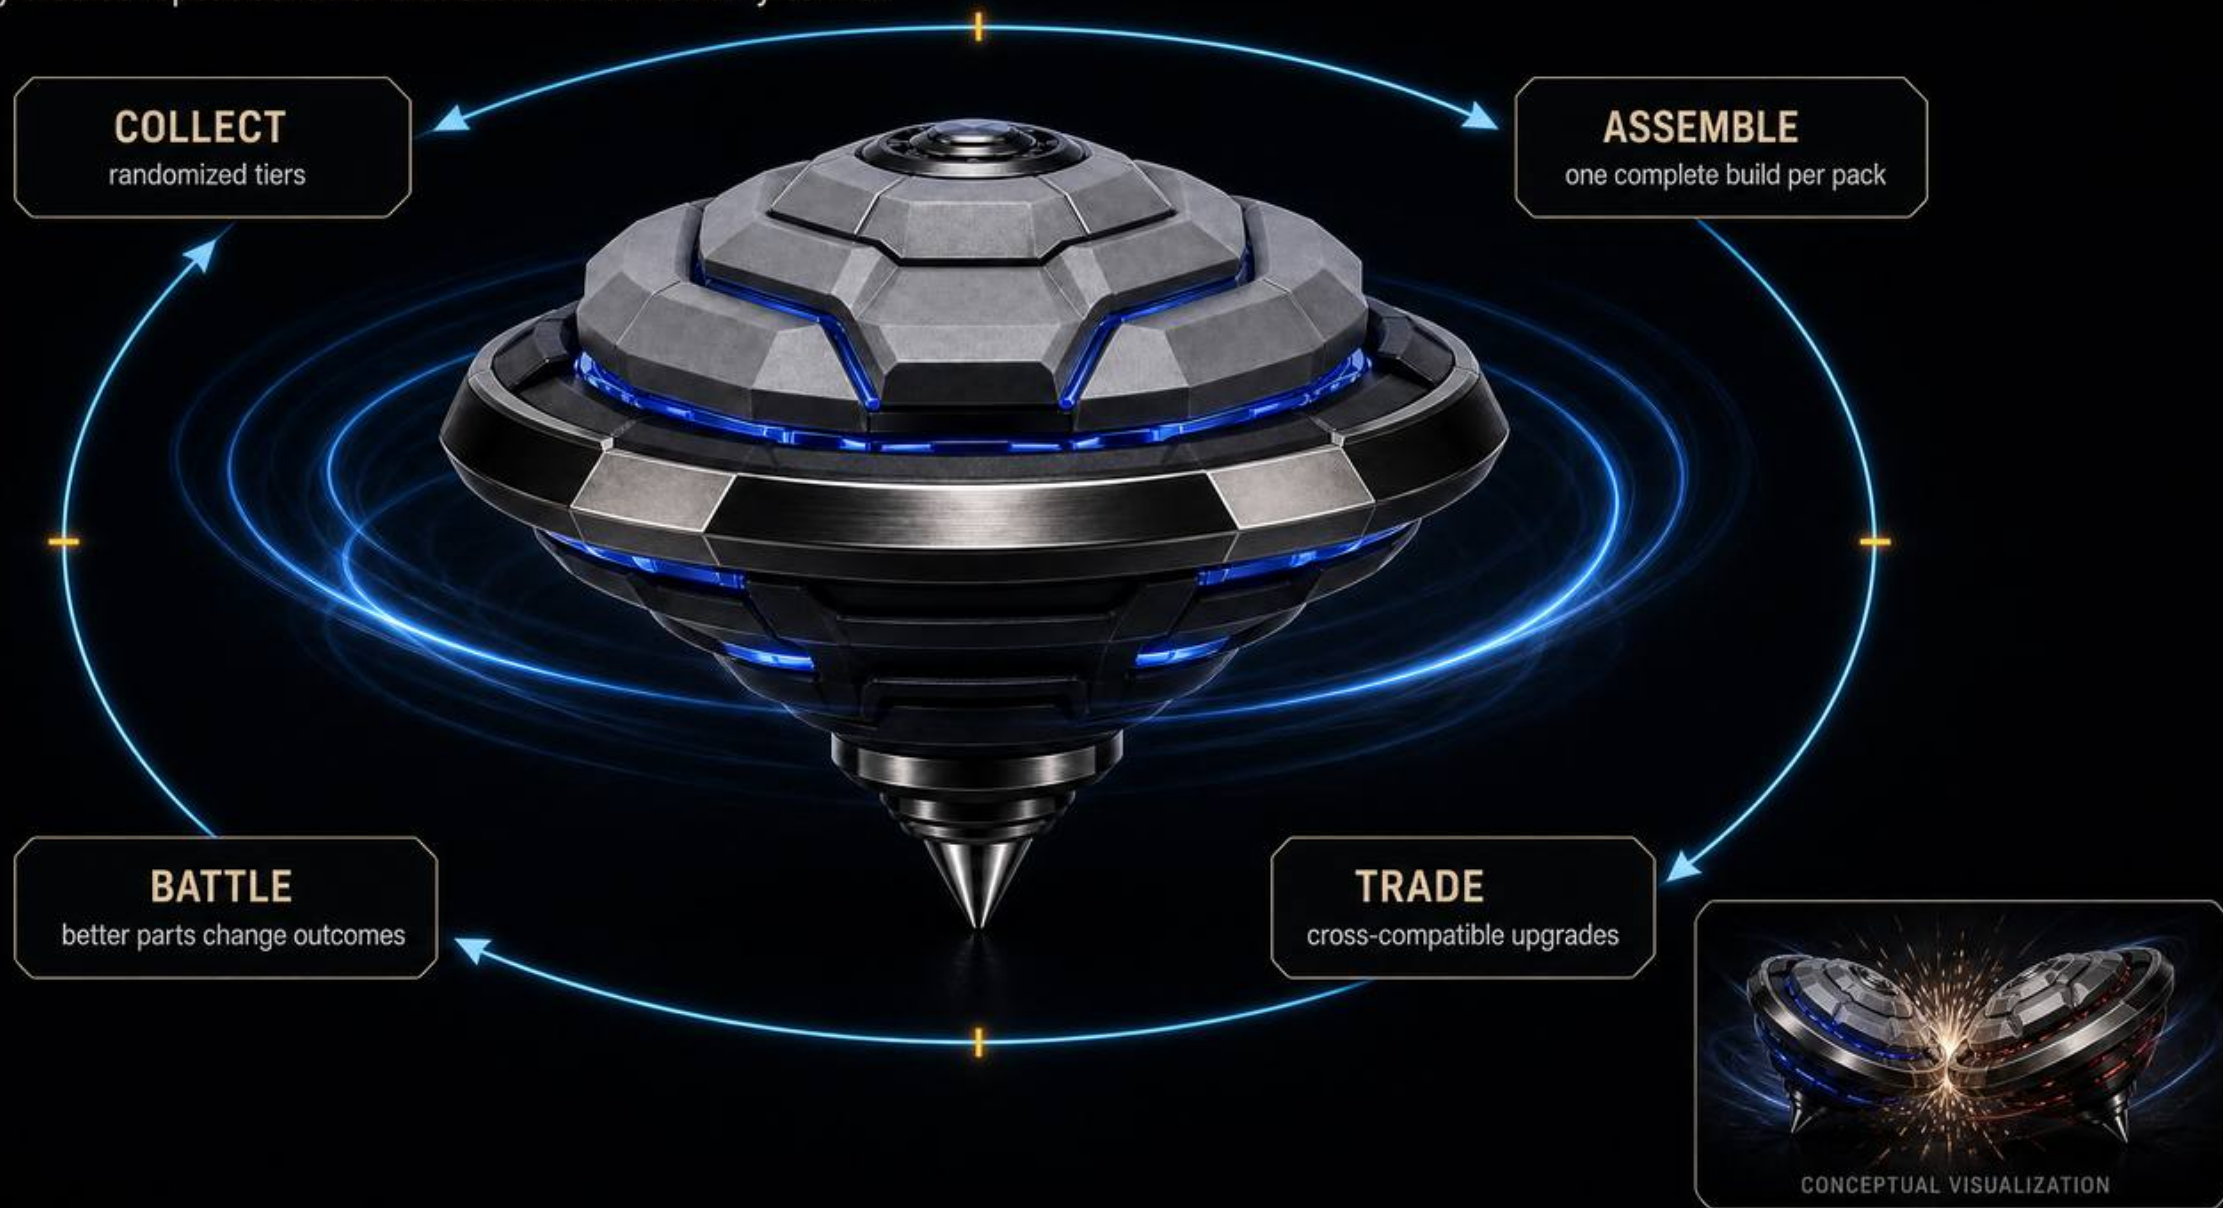

All parts are cross-compatible across packs

Collectors assemble, trade, and upgrade performance over time.

COLLECT. ASSEMBLE. TRADE. BATTLE.

Functional rarity creates repeat behavior that cosmetic collectibility cannot.

PULL IS ALREADY PROVEN

Demand exists; supply architecture is now the constraint.

~\$9.2M

annualized

~52%

at present contract-manufacturing volumes

Second contract manufacturer

Higher-cavity-count tooling

Inventory build for big-box retail distribution

THE RAISE REMOVES SUPPLY FRICTION

\$12M GROWTH CAPITAL RAISE

Capital is for manufacturing scale and retail readiness, not marketing or headcount.

SCALE THE PRODUCT. KEEP THE MODEL LEAN.

Core entry product: booster pack at \$14.99 MSRP
current model

Proposed starter arena bundle: \$39.99 MSRP
proposed future retail architecture

booster stays the
collectible engine

starter bundle lowers
retail onboarding friction

distribution expansion does not
require a larger marketing machine

THANK YOU

GYRECKS

\$12M growth capital raise

Scaling manufacturing and retail to match proven demand.
